

Memo

S t o r a g e S o l v e d[®]

To: To Whom It May Concern
Date: November 21, 2007
Subject: **Steel - Raw Material Content**

In the manufacturing process for all Spacesaver products domestic carbon steel is purchased. Both hot rolled and cold rolled carbon steel materials are produced at the mills with **80% to 90% recycled material. This percentage is comprised of approximately:**

- **50% post-consumer material and**
- **50% pre-consumer supplements.**

If mill documentation is needed, or if you have further questions please feel free to contact me.
